

WI EXECUTIVE COACHING PROGRAM

This is the **only program** of its kind in Egypt specialized in executive coaching. Being an expert coach in the corporate world is something to truly take advantage of – not only do you **impact your organization**, but you also **maximize your value and ability to coach** other leaders towards impacting their respective diverse fields. Executive coaching is quickly becoming one of the **key leadership development tools** for organizations, given its qualitative effectiveness and outcomes. This program is designed to equip learners with a **unique blend of competencies, abilities and tools** to become executive and business coaches to work with a wide range of executives, entrepreneurs and managers for team effectiveness and workplace efficacy.

THIS PROGRAM IS FOR YOU IF:

You are an **experienced professional** who wants to become a coach or use coaching skills to improve your performance.

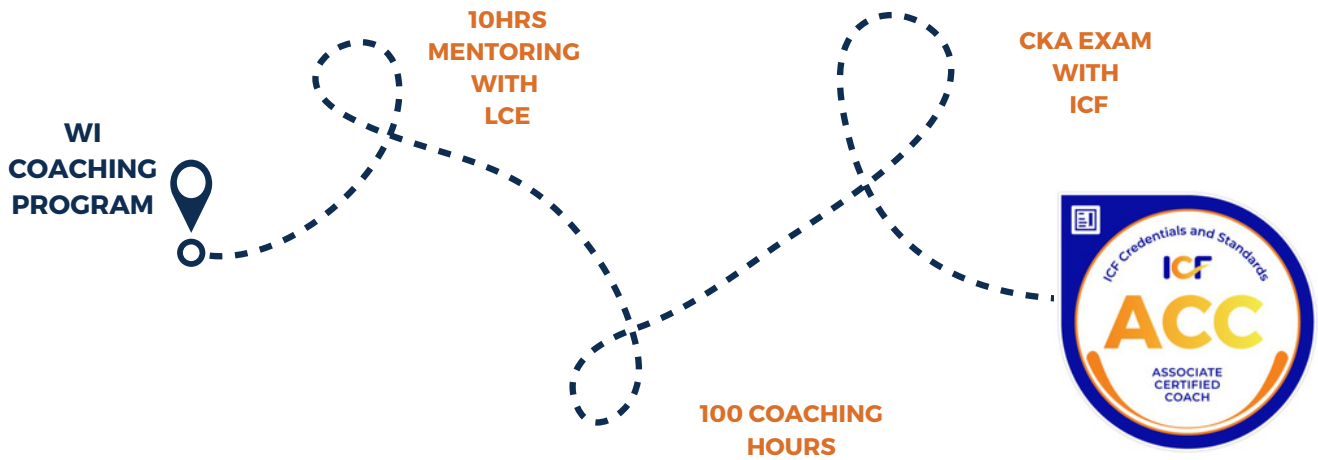

You are seeking to become an **Accredited Certified Executive Coach** through the **ACC** credentialing path with the **ICF**

You are an **Executive, entrepreneur and senior manager** who is looking to expand their business repertoire by integrating coaching competencies and principles
